Advance-Nilfisk Parts - Imagine how tedious it will actually be to tidy up your own home right after throwing a big party, with out assistance from cleaning machines. Before, when upholstery and carpets had the dust beat out of them by hand; cleaning cloths, brushes and brooms were the best cleaning materials of that time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Founding the business in the year 1906, he began to produce motors in order to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's vision from the beginning was to have an international company marketing merchandise globally.

The Nilfisk C1 was an incredible breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single person. This invention came in a time where numerous cleaning equipment were massive and required at least 4 operators, hence, the Nilfisk C1 changed everything and evolved the way we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning machines offer an excellent solution to an existing dilemma; things get dirty and need to be cleaned frequently, without a lot of effort.

Gradually but progressively, Nilfisk-Advance developed through the years. During the nineteen eighties, this growth truly took place when the business became a part of the NKT Group. Their new owners' determination and concentration made Nilfisk-Advance take a huge leap forward within the trade, aspiring to be amongst the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is presently found in all parts of the globe by steadily acquiring lots of small companies so as to grow their product selection and presence in new markets. They are really proud to offer different cleaning solutions to meet each requirement.
