

Forklift Spreader Bars

Spreader Bar for Forklifts - Proudly operating ever since the year 1974, ELME Spreader AB is the largest independent spreader business all-around the world. They have been a dedicated maker of spreaders intended for numerous applications like the swap bodies, trailers and handling of containers.

Engineering is done in-house by way of making use of all of the latest CAD systems and FEM tools. The ELME company presently has more than 125 staff members. Their spreaders are supplied to reach gantry, quayside, ship-to-shore cranes, stackers, straddle carriers and lift trucks all-over the globe.

The ELME product collection offers spreaders intended for various container and trailer handling operations. Some of their inventory include: Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle carriers, Ship to Shore Spreaders in addition to a huge variety of additional parts.

Manufacturing and production of ELME products are established in highly automated purpose built factory. In the year 2008, they created 1150 spreaders by way of using quality parts to ensure reliability and top standards. Major features of ELME consist of design simplicity, market feedback and innovative modular spreader concept.
